# *The LoveMaking Process®*

*Transform Physical Sex Into Emotional  
Intimacy and Spiritual & Sexual Ecstasy*

*“Physical sex alone is not the love that people crave.”*

For many, physical sex is focused solely on sexual gratification and orgasm. There is a new approach being taught around the world that is completely unique, and so very natural. It is unlike any system to intimacy you’ve encountered, from the west or east.

*The LoveMaking Process* teaches you how to restore the innocence and intimacy in your lovemaking. It teaches you how to have what each of you have longed for in sex. You will learn a completely natural approach to making love – one that is more fulfilling and nourishing for both of you.

Lovemaking in this way touches you both deeply. It will enable you to sustain the innocent, ecstatic experience that many couples enjoyed when they first met and fell in love. Having this regular, deeper, heartfelt connection together will strengthen the fabric of love, caring and sense of ease in your relationship.

◆ *“I feel unsatisfied.”*

◆ *“It’s takes too much energy.”*

◆ *“I’m not in the mood.”*

◆ *“It’s getting boring.”*

**NOT WITH THIS UNIQUE PROCESS**

**You will feel Nourished, Re-Vitalized, Fulfilled**

*Energetically in Balance, at Peace, and In Love each time.*

*“In this process you both discover a  
love beyond all sexual imagining.”*

### "Why Couples Don't Have Sex More Often."

*"In making love, because it is love alone that is being made, and as love, unlike sexual fantasy or orgasm, has no end, the same rapturous physical and spiritual delight is present in all subsequent lovemaking together. It never becomes routine or boring. It has only up, and no downs.*

*Where there may have been resistance to having sex often, there is no resistance to experiencing the intimate connection of love together. It only gets better, finer, more divine, more real, more conscious, and more present. Your perception of love together deepens, becomes more wondrous, more sublime. It's the most nourishing experience you can imagine."* **Barry Long**
